Introduction

A fabulous and unique opportunity to experience areas of the Amazon that not many people visit. This is a true expedition cruise that goes deep into the forest, along the Rio Negro. There are excursions every day either in canoes, kayaks or on foot which are always co-ordinated by the expert guides on board, ensuring that wildlife such as sloths, river dolphins and howler monkeys are easily spotted and that everyone will come away with a deeper understanding of the whole rainforest environment. This one week Amazon cruise holiday is all co-ordinated from the fantastic and recently renovated Motor Yacht Tucano, with a maximum of 18 passengers, large viewing decks and all en-suite rooms, it is not only a wonderful place to spend a week but is also extremely eco-friendly and the tours themselves are some of the most sustainable cruises in the Amazon.

Is this holiday for you?

Please note that the day-to-day schedule is approximate. The exact order of the days and specific features may be altered due to navigational and other scheduling considerations. Good health is necessary however guests can have an enjoyable trip by simply staying on board the M/Y Tucano and participating in launch excursions. Participants in our walks in the forest must be able to comfortably walk for two or more hours at a time.

Itinerary

Version: ERB Expedition Into the Heart of the Amazon

DAY 1

Meet at the group hotel in Manaus. Transfers from Manaus Airport are provided.

Arrive at Manaus Airport. Complementary airport to hotel transfers are included for all flight times. The evening is free to relax before the early start tomorrow morning.

DAY 2

Embark in the morning. Begin our voyage north on the Rio Negro.

We board our well equipped expedition boat 'The Motor Yacht Tucano' (M/Y Tucano) at 7am, this means we will be collected from the hotel at about 6am. However after the early start we can spend the rest of the morning settling in, relaxing in our home for the next 6 nights and meeting the rest of the group, guides and crew. The afternoon is spent making our way north on the Rio Negro, with our aim today being to reach the Rio Apuau - one of the many tributaries of the Rio Negro. On the way we will cruise through the world's largest river island system - the Anavilhanas Archipelago.

DAY 3

Explore the giant lake inside a river island - Lago Turia.

As early morning is such a great time to spot wildlife, we try to take advantage of this time of day as much as possible throughout the week. We divide into small groups and explore the rainforest in our launches or kayaks around the giant lake inside a river island - Lago Turia, each group with a naturalist guide. We should hear and perhaps see howler monkeys and we should hear a morning serenade of toucans. After an amazing first outing into the rainforest, we return to the boat for breakfast, where we can still hear the forest waking up around us. In the late morning we aim to go for a walk in the forest where we will get a good start on understanding Amazon ecology (our guides are always at hand to

answer any questions). Around midday we return for lunch and we'll start making our way to our overnight spot, perhaps stopping at a place to swim.

DAY 4

Explore Lago Buriti - a great place for spotting sloths.

Another early morning to explore the forest on foot or by kayak, keeping our eyes open for a sloth sighting (quite a common occurrence in this area). Again we return to the boat for breakfast, before heading out on another morning excursion with our excellent guides. In the afternoon after lunch we will travel onto our next destination, our guides will look out for a good place to have an afternoon excursion on the way. Tonight we may even travel a bit more as we marvel at the night sky crowded with stars, this could be sitting on deck with a glass of wine in hand.

DAY 5

Visit a settler's home and scout the shoreline of the Rio Jauaperi for wildlife.

After our usual morning excursions we will navigate along the heavily forested shore, scouting for wildlife. We may stop for a visit at a settler's home carved out of the forest. In the early afternoon we will be near an extraordinary river called the Rio Jauaperi. Here we will see a kind of forest known as the varzea (a seasonal floodplain forest which is inundated with whitewater rivers). We will scout along the shoreline for some of the extraordinary creatures found only in this unique environment - this can include Amazonian manatees and river dolphins. Weather permitting, we will have a night excursion to observe nocturnal creatures.

DAY 6

Explore the west bank of the Rio Negro by foot or in kayaks.

Today we will voyage to the west side of the Rio Negro and continue to scout in our launches and walk in the forest. Weather and water depth permitting, we will explore areas rarely visited by anyone else, with the possibility of spotting sloths, and scarlet macaws amongst many others. Tonight we travel downstream, and will enter an east bank affluent of the Rio Negro and explore on deep into the rainforest on this small river. After an exciting nocturnal exploration of the rainforest in our launches we return to the boat for "Caipirinha Night" ...and perhaps even try a bit of samba on the top deck.

DAY 7

Visit the Encontro das Aguas - the confluence of the Amazon River and the Rio Negro.

Our dawn excursion this morning is not only special as it is the last morning we will walk or kayak among the wakening wildlife of the Amazon, but we also return to the boat to be greeted by a full Brazilian breakfast. We will then go one last time into the forest. In the mid-afternoon we will begin to journey downstream. We should arrive late in the day at the "Encontro das Aguas" - a stark several mile long line where two of the world's largest rivers, the Amazon and the Rio Negro, join in a turbulent maelstrom. Here the dark water of the Negro runs beside the opaque brown water of the Amazon. In the early evening we will travel upstream on the Rio Negro and journey to our overnight anchorage north of the City of Manaus. As we pass in front of Manaus, we can marvel at the scale of one of the world's largest and most vibrant port cities, over a thousand miles from the sea. Tonight we will have a farewell dinner and maybe a little more dancing to bid farewell to this incredible place.

Joining Arrangements & Transfers

The group will meet at the hotel in Manaus

Airport transfers are provided for all clients on arrival.

On departure a single transfer is provided to the airport in the morning.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals included apart from Dinner on day 1, which if needed, can easily be arranged at the hotel on arrival.

Food & Water

All meals are taken on board - the ship has a very elaborate meal service and the cooks make the very best out of the wonderful fruits, fishes and flavors unique to the Amazon. All meals are served from the buffer and are wholesome, filling and delicious.

The tap water on board is chlorinated, however we suggest that you drink the water from the provided 20 litre bottles placed in the public areas of the vessel.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

During the trip you will spend 1 night in a hotel in Manaus and 6 nights on board the wonderful Motor Yacht Tucano (M/Y Tucano). The M/Y Tucano has been very recently renovated (in summer 2018) and boasts large viewing decks, en-suite accommodation and fantastic food.

While the Tucano retains the appearance of a traditional riverboat, she was built using sophisticated equipment, materials and advanced construction techniques. From the electrical and water systems to the advanced propulsion and navigation systems, Tucano offers all of the convenience, security and comfort of a modern yacht. There are individual air-conditioning thermostats in every cabin as well as volume controls for the boat-wide sound system. The M/Y Tucano strives to conduct sustainable tourism and to minimize the environmental impact of cruises with a focus on waste management, energy conservation and pollution control.

Cabin Details (see also deck plan in the gallery)

Yellow Category: The five staterooms in this category are large and have beds side by side. They are numbered 3, 4, 5, 6, and 0. The beds in staterooms 3, 4, 5, and 6 can be joined together to form a queen sized bed. Stateroom 0 has a queen size and also a single bed, but has a quite small bathroom. It can hold three travellers. In triple occupancy, each passenger pays the Green Category rate.

Green Category: The two Green staterooms have above and below berths (bunk beds). While the Green are smaller than the Yellow staterooms, they are comfortable and have large windows, private bathrooms, and air-conditioning. These staterooms are 2 and 7.

Blue Category: These two staterooms are singles, numbers 1 and 8. They have a single bed, a private bath, and air-conditioning. On request the Blue Category staterooms can be converted to Green. These staterooms are 1 and 8.

Group Leader & Support Staff

A carefully chosen team will lead our voyage. They are chosen not only for their local knowledge and wealth of experience but also for their great love of the Amazon. With briefings and discussions, your naturalists will cover all aspects of the voyage including ornithology, rainforest biology, geography, history and the environment. Officers and crew, all highly experienced in varying types of navigation, man the ship.

Spending Money

It is not practical to set a recommended amount for personal spending money on a holiday like this. All meals while on board and the daily excursions, are included in the trip price. The main extra spend on board will be on drinks and this will vary greatly from person to person. On board ship, bar bills can be put on a tab and paid at the end of the cruise.

Guidance on Tipping

We suggest that each traveler tip in the area of \$150 total, which is divided between the guides and the staff.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Currency

On board, all currencies are accepted.

The unit of currency in Brazil is the Real.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Please note that a paper copy of your travel insurance is required if you are travelling to Huaraz and the Huayhuash region.
