Introduction

Home to breath-taking scenery, stunning mountains, fairy chimneys, delicious food, a rich melting pot of cultures and a guaranteed warm welcome, Turkey is one of the most vibrant destinations on the planet and a land of smiles. In classic KE style, this Turkish delight of a walking holiday combines a jaw-dropping trek in the Taurus Mountains and charming walks in the incredible landscape of Cappadocia. We start in the heart of the remote and stunningly beautiful Aladaglar Mountains surrounded by alpine lakes and deep valleys before heading over remote passes to the spectacular Yedigoller Plateau. Here we'll meet nomadic Turkish shepherds and enjoy tea as we learn about their lifestyle living in a timeless region. The ascent of Mount Emler (3723m), a wild and dramatic mountain, is a holiday highlight and offers a unique opportunity to summit a peak which is truly off the beaten track. After the immense beauty of the Taurus Mountains we'll explore the stunning area of Cappadocia. Here fairy chimneys, cave dwellings and rock churches lie hidden in magical valleys and the result is a unique destination. We'll wander through lovely Goreme, marvel at the spectacular rock pinnacles in the Ilhara Valley and explore the fascinating underground city of Derinkuyu, once home to over 20,000 people. This is a superb trekking holiday with unforgettable hospitality, incredible landscapes and excellent Turkish cuisine.

Is this holiday for you?

This holiday combines an 8-day trek in the Taurus Mountains of Turkey with relaxed walks in Cappadocia. The maximum altitude attained on the holiday is 3723 metres with only 2 nights spent above 3000 metres on the Yedigoller Plateau and at relatively moderate altitude acclimatisation should not be a problem. For most of the trek we follow well established trails between valleys and villages which are suitable for mules and straightforward for walkers. However there are a couple of days with a good deal of ascent and descent and we may encounter snow patches on the Yedigoller Plateau. You should ensure you are physically prepared for the trek and able to walk for 5 or 6 hours each day and for several days continuously. Towards the end of the holiday we transfer to Cappadocia for two days of easy walking and some relaxed sightseeing.

Itinerary

DAY 1

Meet at Kayseri Airport before transferring to Cukurbag.

The group will meet at Kayseri Airport, before transferring together to Cukurbag Village in the Aladaglar Range. The Aladaglar Range is an extension of the Taurus Mountains and includes the highest peaks of the eastern Taurus mountain range. Stretching for over 40km and home to more than 60 peaks over 3000m, the range is located in the Aladaglar National Park. The park includes the provinces of Kayseri, Nigde Province and Adana, and its wild beauty feels truly off the beaten track. Tonight we stay in a simple guesthouse in Cukurbag village.

DAY 2

In the foothills of the Aladaglar Mountains and enter Aladaglar National Park.

This morning after breakfast we leave camp and take a brief transfer to the entrance of the village of Elekgolu, and from where we start our trek. The trail today takes us through the foothills of the Aladaglar Mountains, and towards the Emil Valley via the Kazikli Canyon. The canyon lies in the southern part of the Aladaglar Mountains and got its name over a century ago. Story goes that a farmer called Ali used wooden stakes called kazik to climb up the canyon to collect the local honey from the caves. Even today these stakes are still visible in the canyon and due to their history, still used for climbing. The Aladaglar National Park gets its name from the Aladaglar peaks which mean Crimson Mountains. In the evening during sunset, the peaks take on a beautiful rusty colour. This range is also well known throughout the country for their magical trekking routes, which snake through craggy limestone ranges and across high plateaus dotted with lakes. Alongside the stunning mountains, the park is also home to two beautiful valleys, Emli and Hacer, which are both covered in lush forests of black and red pine. Plants growing here have vibrant flowers whilst fauna includes the famous Capra ibex, wild boar, bears, lynx, wolf and coyote. Species of bird include rock eagle, bearded vulture, and peregrine falcon whilst a rich variety of butterflies thrive here. Today is a relaxing day on trails which take us to our camp in the stunning Emli Valley where we spend the next two nights.

DAY 3

Mangirci Gorge and Alaca Yayla's pastures in the beautiful Emli Valley.

This morning we embark on a circular walk which is a fantastic way to explore the beautiful surroundings. We start by hiking up to Mangirci Gorge and follow trails through juniper and cedar trees. The cedar trees of Turkey's Taurus Mountains are commonly known as the Cedar of Lebanon. They are an evergreen conifer and a species of cedar native to the mountains of the Eastern Mediterranean basin. Here in Turkey's Taurus, are the most extensive and magnificent forest of this particular species. Our trail takes us to the green plateau of Alaca Yayla from where we'll be treated to superb views of the southern part of the Aladaglar region. This scenic area is home to lots of interesting wildlife species that you may be lucky enough to spot, including Ibex and the Caspian snowcock (*Tetraogallus caspius*). We'll enjoy our picnic lunch by a spring before we descend back down to the Emli Valley. This afternoon we'll pass by shepherd camps at Oluk Sekisi before arriving into camp where we can enjoy tea and biscuits. Tonight is our second night in this wonderful and remote location, where if the weather is on our side we should be able to enjoy a spot of star gazing.

DAY 4

Trek to the Siyirmalik Valley passing shepherd camps and nomadic settlements.

This morning we should wake to the cry of partridges. There are five native species in the country - chukar, rock, grey partridge, see-see and the Caspian Snow Cock. After breakfast, we leave our Emli Valley camp. We will trek into the Siyirmalik Valley, on the way, looking out for the shepherd camps at Eznevit where families have a semi-nomadic way of life. The main nomadic ethnic group in Turkey is the Yoruks meaning "to walk" who are famed for inhabiting the mountains of Anatolia. The yoruks winter by the coast before heading up into the mountain plateaus (yaylas) for summer. Today we are surrounded by stunning views of the breath-taking mountains that surround us. In the afternoon, we continue along the trail to Sakartas before descending to our camping place at Sokulupinar (2000m). After arriving at Sokulupinar, we can settle in; this will be our base for the next two nights.

Meals: **B L D**

	Accommodation Camping		Ascent 850M		Descent 610M		Time 6 - 7 hrs trekking		Distance 16KM
---	---------------------------------	---	-----------------------	---	------------------------	---	-----------------------------------	---	-------------------------

DAY 5

Follow streams to mountain pastures and the beautiful Lake of Dipsiz.

Today we follow a mountain stream to the high grazing area of Arpalik Yayla, before ascending to Tekepinari meaning Goat's Spring. This is a popular place for the local Ibex so we may spot some of them high up on the surrounding cliffs; they are excellent climbers due to their cloven hooves. The highlight of our walk today is the incredibly beautiful Dipsiz Lake (2900m), which we reach by way of small trail that follows a river bed. Along the trail we'll have superb views of the north face of Mount Demirkazik (3756m). After arriving at this wonderful lake location we'll rest for lunch and enjoy the spectacular surroundings. Depending on the weather and water conditions you might like to take a swim here. In the afternoon, we'll make our way back to our camp at Sokulupinar. Hopefully this evening we'll experience sunset at camp, a wonderful time to take photographs of the beautiful landscape surrounding us.

Meals: **B L D**

	Accommodation Camping		Ascent 900M		Descent 900M		Time 6-7 hrs trekking		Distance 14KM
---	---------------------------------	---	-----------------------	---	------------------------	---	---------------------------------	---	-------------------------

DAY 6

Spectacular day to the Karayalak Valley via the superb Celikbuyduran Pass (3450m).

This spectacular day sees us leave Sokulupinar and head to our high camp. We'll be accompanied by a team of horsemen and their pack-animals. After an early breakfast we leave camp and head up the Karayalak Valley to the Celikbuyduran Pass (3450m). Although today is a more challenging day, it is well paced and there are plenty of opportunities along the trail to take photos and enjoy the magnificent views. Just before we reach the top of the pass we'll rest by a refreshing spring before heading over the top. Depending on the weather we'll enjoy our lunch on the top whilst surrounded by amazing views over the mountains. The afternoon sees us descending down to the Yedigoller Plateau (3100m) - meaning lakes and we'll pass a number of lakes during the day. This evening we camp near the largest lake in the area and if you fancy a refreshing dip, there will be time to test the water before dinner.

Meals: **B L D**

	Accommodation Camping		Ascent 1650M		Descent 600M		Time 7 - 8 hrs trekking		Distance 14KM
---	---------------------------------	---	------------------------	---	------------------------	---	-----------------------------------	---	-------------------------

DAY 7

Summit Mount Emler (3723m) and explore the Yedigoller Seven Lakes Plateau.

Leaving our camp at Yedigoller, we will spend the day at this high elevation, with further opportunities to meet the local shepherds and to admire the striking mountain scenery. Particularly prominent are the peaks of Narpuzbasi and Direktas. Our principal objective today will be to make an ascent of Mount

Emler (3723m). This involves a straightforward return trek, taking us back up to the Celikbuyduran Pass and along a ridge from there to the mountain's summit. From this peak, there are great views of the south side of Mount Demirkazik (the highest summit in the range) and of the distant volcanic peaks of Erciyes and Hasan. Descending back to camp, there is time for a bit of relaxation, or maybe even a swim in the lake.

Meals: **B L D**

	Accommodation Camping		Ascent 600M		Descent 600M		Time 5 - 6 hrs trekking		Distance 9KM
---	---------------------------------	---	-----------------------	---	------------------------	---	-----------------------------------	---	------------------------

DAY 8

Trek across the Teke Kalesi Pass (3517m) to Lake Karagol via Yildiz Star Lake.

After loading the horses, we make an early start and begin our trek out of the Taurus Mountains. We pass the second largest of the lakes on the plateau and then climb up to Teke Kalesi Pass (3517m). Here, once again, we can enjoy great mountain views, before starting our descent on a narrow trail. Passing Yildiz (Star) Lake, we reach our camp at Lake Karagol.

Meals: **B L D**

	Accommodation Camping		Ascent 690M		Descent 890M		Time 7 - 8 hrs trekking		Distance 14KM
---	---------------------------------	---	-----------------------	---	------------------------	---	-----------------------------------	---	-------------------------

DAY 9

Hike to Maden Gorge and drive to Cappadocia via Derinkuyu Underground City

After enjoying a final breakfast surrounded by the mountains, we descend to the Maden Gorge, following an old mine track. Parts of our trail today will follow meandering creeks. After walking out of the mountains we pick up our transport and make our way towards Cappadocia. Along the journey we'll visit the incredible underground city of Derinkuyu. These troglodyte cave-cities were excavated as early as Hittite times, and grew over the years as invading armies traversed Central Anatolia. The extensive network of passages, tunnels and inclined corridors linked family rooms and communal spaces where people would meet, work and worship. There are 36 underground cities in Cappadocia and Derinkuyu is the most fascinating and the deepest in Central Anatolia. The underground world has over 600 outside doors, which are hidden in courtyards of local houses. Located at a depth of approximately 85m deep, you'll see stables, cellars, storage rooms, churches, wineries and houses. It is a fantastic place and after our visit, we make our way to the wonderful area of Cappadocia.

Meals: **B L D**

	Accommodation Hotel		Ascent 300M		Descent 1100M		Time 4 - 5 hrs trekking		Distance 10KM
---	-------------------------------	---	-----------------------	---	-------------------------	---	-----------------------------------	---	-------------------------

DAY 10

Spectacular views from Uchisar citadel the highest point in Cappadocia and hike through charming valleys.

This morning is our first day of walking and exploring the fascinating area of Cappadocia. We start by transferring to the village of Uchisar and the spectacular viewpoint called the Fortress. Uchisar is centuries old and the highest point in Cappadocia. From here we are rewarded with a magnificent panorama of the surrounding area which includes Mount Erciyes in the distance. The fortress is riddled with many rooms which are hollowed out into the rock are connected to each other with stairs, tunnels and passages. At the entrances of rooms are millstone doors just like the ones we saw in the underground city. Most of the rooms which are located on the north side of the castle are used as pigeon houses and even today local farmers collect the pigeon droppings which are used as a natural fertilizer for orchards and vineyards. After visiting the citadel we walk to the mouth of the Akvadi valley. From here we follow an old river bed which today is used for vineyards. Early afternoon we arrive in Cavusin, one of the oldest settlements in Cappadocia and home to wonderful rock cut dwellings and elegantly carved stone houses. The footpath takes us close to some fascinating formations whilst surrounded by magnificent views across the fairy chimneys. This area of the Pasabaglari Valley was originally used for retreats and gained the name monk's valley. Here fairy chimneys are unique with quirky toadstool like caps. Depending on time there may be time for an optional visit to Zelve Monastery (entrance fee paid locally). Here Christians moved during Persian and Arab invasions and the area became an important settlement and religious area during the 9th and 13th centuries. Late afternoon we return to our hotel.

Meals: **B L D**

	Accommodation Hotel		Ascent 250M		Descent 300M		Time 4 - 5 hrs walking		Distance 9KM
---	-------------------------------	---	-----------------------	---	------------------------	---	----------------------------------	---	------------------------

DAY 11

Walk through a world of fairy chimneys and vibrant colours in Cappadocia.

Today's walk takes us through the Meskendir Valley as we follow a trail through fairy chimneys and Cappadocia's famed rock formations. This whole region was shaped over millions of years and at certain times looks as if it's come directly from a fairy tale. Here the honeycombed hills and towering fairy chimneys are captivating and this fascinating landscape was used by the local population as they sheltered underground. Humans performed incredible works here and created living quarters, places of worship, stables, and storehouses which were all dug into the soft stone. This troglodyte lifestyle left the countryside scattered with fascinating cavern architecture which we'll pass, alongside ancient cave

houses and Byzantine complexes. After the Meskendir Valley we cross over to the Red Valley, considered the most beautiful in Cappadocia with its wonderful formations and colours. At the end of the day as the sun begins to set the valley puts on a display that lives up to its name. After our walk we return to our hotel for our final night in Cappadocia.

Meals: **B L D**

	Accommodation Hotel		Ascent 100M		Descent 300M		Time 4 hrs walking		Distance 7KM

- Kayseri Airport transfers (other than the single group transfer at the beginning and end of the trip)
- Tips for local staff
- Entrance fees at tourist sites and optional activities
- Miscellaneous expenses - drinks and souvenirs etc.

Joining Arrangements & Transfers

The group will meet at Kayseri Airport in the afternoon of Day 1.

A single timed group transfer from Kayseri Airport to the first night's camp will be provided.

On the last day of the itinerary there will be a single timed group transfer from the group hotel in Cappadocia to Kayseri Airport.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Agent contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included in the trip price from dinner on day 1 to breakfast on day 12.

Food & Water

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.

Turkish cuisine is world renowned for its variety, colour and fresh produce. Breakfast options include cereals, fruits, bread, preserves, eggs, salami, feta, olives, melon, dried fruit and nuts, tea and coffee. After breakfast and whilst on trek, clients will make up their own picnic lunch using bread sticks and a variety of meats, cheeses, tomatoes and cucumber. There will also be plenty of fruit, biscuits and cake. The evening meal is freshly prepared by our cook and served at the camp table. This may be a barbecue of local meats or any of a number of excellent Turkish dishes. Vegetarian food is also available, so please inform us if you require a vegetarian diet. Dinner options in hotels range from simple grilled meats to elaborately baked fish and meat casseroles. There are also plenty of delicious vegetarian options.

Special Diets

Whilst we can cater for vegetarians, albeit sometimes with a more limited choice, we cannot always provide special diets. Due to the nature of some of the trips that we operate and the countries in which we operate them, it can be very hard (and sometimes impossible) to cater for a wide range of dietary choices and you may have to supplement your diet with food/snacks from home. If you have specific dietary requirements please do speak to our sales team and they will be able to advise you whether or not we will be able to offer your specific choice. Please note that we are unable to provide separate menus and cannot accept liability for any problems arising from special dietary requirements or intolerances.

Accommodation

The group will spend 1 night in a simple guesthouse in Cukurbag village, 3 nights in a comfortable and well located hotel in Cappadocia and 7 nights camping.

The Cappadocia region is a large area and is made up of a collection of villages, and the group will stay in an atmospheric 'cave and arch hotel' in one of these villages.

During the 8 nights of camping, there will be a cook, and either drivers or muleteers for transporting the main luggage from camp to camp. Each camping site has basic facilities (cold running water and a toilet) and is in location off the beaten track.

Accommodation is allocated on a twin-sharing basis. If you are travelling by yourself you will be paired with another single traveller of the same sex. Single hotel rooms and/or single tents are available for a supplementary cost. If you are planning to extend your holiday, additional nights are available on request.

Group Leader & Support Staff

A professional English-speaking guide will accompany the trip. The group will also have a support vehicle and driver, and a trek crew and cook. On days 6 - 9 the group will also be support by baggage animals and their handlers.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately £200 (or equivalent in US dollars, Euros etc) should be allowed for miscellaneous expenses including your bar bills and reasonable tips to the support crew. If you intend to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). Turkey's unit of currency is the New Turkish Lira. During the trek there will be the opportunity to buy beer and wine as part of an honesty bar service, which is then paid on the last night of trekking. And as the trek crew do not travel with you to Cappadocia, tips will also be paid on the final night of the trek. You will be able to find ATM's at Kayseri and throughout Cappadocia. Credit cards can be used to purchase goods and services in some shops, hotels and restaurants in Turkey.

Guidance on Tipping

Tips do not form part of the wages of local staff but they are very much appreciated. It is important to remember that tipping is voluntary and should be dependent on good service. It is best if the tip is given at the end of the trip by the group as a whole. We recommend that each group member contributes around £25 (or equivalent in US dollars, Euros etc) and that tips are then distributed between the guide and support staff as the group feels is appropriate.

Baggage Allowance

Your baggage on trek should weigh no more than 15kg. During the holiday your main bag will be carried in the support vehicle from day 2 to day 5 and by pack animals from day 6 until day 8. Any items you do not require between days 6 and 8 can be left in the tour vehicle and you may wish to bring an extra (fold away) bag for this.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa Turkey

UK passport holders do not require a visa for visits of up to 90 days in any 180 day period.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Turkey is the Turkish Lira.

Preparing for your Holiday

It makes sense before coming on this holiday to increase your fitness by get some additional exercise. While regular hiking is the best preparation, running, cycling and swimming are also good for developing better cardiovascular fitness and stamina. Before departure, we suggest that you try to fit in a number of long walks with your daypack.

Climate

Daytime temperatures in Cappadocia will vary between 22°C/72°F and 28°C/82°F at the times of year we operate this trip. The weather in early and late summer is generally excellent - with hot days, clear skies and little rain. In the Taurus Mountains, the temperature will, of course, decrease as we climb. Typically, we will be trekking at temperatures around 15°C / 59°F. At night at our highest camp, we can expect the temperature to fall close to freezing point. In common with many mountain areas, cloud can build during the day resulting in late afternoon rain.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](https://www.travelaware.gov.uk)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Books

- Turkey - Lonely Planet Travel Survival Kit
- The Rough Guide to Turkey
- Turkish Odyssey - A Traveller's Guide to Turkey and Turkish Culture - Serif Yenin.
- Landscapes in Panoramic Turkey - from Istanbul to Ararat - Gerold Yong.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
