Introduction

East of the Black Sea and bordered in the north by the long chain of the Caucasus Mountains, Georgia is one of the most exciting adventure travel and trekking/walking destinations in Europe. From the capital Tbilisi, we travel north to the striking Mount Kazbek (5047m). On trek we will walk across the Abudauri, Barbalo and Khidotani passes and deep into the remote Khevsureti Range. Crossing open ridges, with far-reaching views, we descend through flower-filled mountain pastures into steep-sided and forested valleys, where we find the fortified medieval villages Mutso and Shatili. Close to the northern border, this is Georgia's most traditional region, home to animist shrines, friendly villages, hidden churches and impressive stone-built defensive towers. After our 'loop' northwards into the mountains, we will add to our understanding of this fascinating country with sightseeing in Tbilisi and in the nearby town of Mtskheta, a UNESCO World Heritage Site and former Georgian capital.

LOOKING to extend your holiday? Fancy the ultimate Caucasus experience? For a complete experience, why not combine KE's Trekking in Georgia and the High Caucasus Holiday with [Armenia's Trekking Highlights](#).

Is this holiday for you?

This is an adventurous trekking holiday through the remote south side of the Caucasus Mountains. However, it is not a particularly high-level trek, and with its maximum elevation only a little above 3000 metres, the effects of altitude will be a minor consideration. Our route follows trails between valleys and villages, and the underfoot conditions should prove straightforward for the most part, although there are a couple of steep ascents and descents as we cross the passes, and some paths which are through much vegetation. Most of the trekking days involve hiking for 5 or 6 hours, but we have two longer days with around 10 hours of walking. This trek is supported, so you will only need to carry your day pack each day.

Meal Plan

All meals are included in the holiday price.

Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Georgians have a great culinary tradition and national specialties include the following: walnuts used in all sorts of ways, bean salads, aubergines and spinach dishes, layered bread and melted cheese, cured meats, fresh and pickled vegetables. They also have 500 varieties of local wines. Breakfast are continental style, with cereals, bread and jam, tea, coffee and sometimes eggs. Packed lunches are provided and will consist of bread and a variety of meats, cheeses, tomatoes and cucumber. There will also be fruit and biscuits. Dinner at camp are usually a traditional soup followed by vegetable and meat dishes with potatoes, rice or pasta.

Accommodation

Included in the holiday are 2 hotel nights in Tbilisi. The first hotel night is to enable clients on the preferred flight (arriving in the early hours of the morning of Day 1 of the Land Only itinerary) to have the use of a hotel room to rest/sleep and freshen up prior to breakfast. Note that it will also be possible for clients arriving a day earlier than Day 1 of the land Only itinerary to use this hotel night.

During the trek there are 7 nights camping. Whilst camping we will sleep in two man tents. There will also be a kitchen tent, a dining tent, and a toilet tent.

All accommodation is on a twin share basis. If you are travelling by yourself you will be paired with another single traveller of the same sex. Single rooms and/or single tents are available for a supplementary cost. If you are planning to extend your holiday, additional nights are available on request.

Group Leader & Support Staff

This group will be led by a professional and qualified tour leader. There will be a city guide and translator who also accompanies the trek as well as a local mountain guide and full camp crew. In addition, the group will be supported by one or more drivers as required.

Altitude

This holiday involves going to moderately high altitude. During the course of your trip you will reach altitudes in excess of 2500 metres. Most people will have no difficulty with this level of altitude but before coming on the holiday, we recommend you read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately £150 (or equivalent US dollars, Euros etc.) should be allowed for miscellaneous expenses including your bar bills and reasonable tips to the support crew. If you intend to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). Georgia's unit of currency is the lari. By far the easiest way to obtain your travel cash is from ATM's using a credit card or a debit card. ATM's are available in Tbilisi close to the group hotel or at the airport. Credit cards can be used to purchase goods and services in some shops, hotels and restaurants in Tbilisi.

Guidance on Tipping

Tips do not form part of the wages of local staff but they are very much appreciated. It is important to remember that tipping is voluntary and should be dependent on good service. It is best if the tip is given at the end of the trip by the group as a whole. We recommend that each group member contributes around £30 and that tips are then distributed between the local guide and support staff as the group feels is appropriate.

Beat the Jet Lag

Our holidays are normally designed with minimal 'down time' at the start of the trip, but having a day or two at the beginning will have the additional benefit of allowing you time to get over the stress of a long journey or travelling across time zones, leaving you refreshed and ready for your holiday. We can easily arrange for you to have additional nights and airport transfers.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft duffle bag and a day pack. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa Georgia

UK and USA passport holders do not require a visa for short stays.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Georgia is the Lari.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with 6 - 8 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training. Running, cycling and swimming are also good for developing cardiovascular fitness and stamina.

Climate

Daytime temperatures in the lower valleys will vary between 20°C/68°F and 25°C/77°F at the times of year we operate this holiday. The weather in summer is generally excellent - with hot days, clear skies and little rain. In the mountain villages at around 2000 metres elevation, the night time temperature will fall to 10°C/50°F. As with any mountain region, cooler conditions and stormy weather cannot be ruled out at any time of year. In Tbilisi temperatures are much hotter in the summer months and can reach well into the 30's.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

The road network distinguishes between local paved or unpaved roads, dirt tracks, forest roads and footpaths. Sheets 2 and 3 cover the main walking area, whilst sheet 4 covers Kazbegi. Note that it is possible to obtain good maps from the tourist information office in Tbilisi.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.
