Introduction

Mount Toubkal (4167m) in the High Atlas Mountains, is not only Morocco's highest peak, but the highest summit in North Africa and this incredible range provides some of the most spectacular winter trekking on earth! With its traditional villages, friendly Berber, awesome trails and jaw dropping mountains, this dramatic and beautiful area takes on a magical appearance in winter. A mere two hours drive from vibrant Marrakech, the high valleys of the Berbers are at their most beautiful during this season. Our well established itinerary is a long standing best seller, due to the excellent Moroccan leaders and experienced team we work with. A day's acclimatisation hike above the village of Aroumd, ensures everyone is fully prepared before trekking to the refuge (3207m), Toubkal's base camp at the head of the valley. From here we attempt this exciting summit; Toubkal (4167m), the highest mountain in North Africa.

From the top we are rewarded with spectacular views plus a real sense of achievement and adventure. On the top of Toubkal stunning panoramas extend across the rocky Atlas ranges and southwards to Jebel Sahro and the Sahara Desert. This is a fantastic winter walking holiday in the mountains combined with Marrakech, Morocco's most colourful city.

A Genuine Small Group Experience - The Secret of Our Success on Winter Toubkal

We are proud to say this [holiday in Morocco](#) is limited to a maximum group size of 10, ensuring we leave only our footprints on the trails whilst enjoying a genuine small group adventure. We've been taking our clients walking, trekking and mountaineering for almost thirty years so we know the ingredients of a good guide and a successful group adventure. On our Toubkal treks, the mountain is neither particularly high nor technically demanding, but the experience and knowledge of our Moroccan leaders, teamed with a smaller group size, can make a big difference to your chances of success on summit day. Those who are new to winter mountaineering will take particular comfort in the presence of our experienced Moroccan guides, who we believe are the best in the business. Our Toubkal in Winter remains one of the best selling holidays in the business due to our fantastic local team.

Is this holiday for you?

The maximum altitude attained on this trek is not great and our acclimatisation day above the gite in Ait Souka is good preparation for our trek to the refuge and ascent of Mount Toubkal. On the ascent of Toubkal and whilst trekking up to the refuge, we will encounter moderately angled snow slopes. Some familiarity with the use of crampons and an ice axe is recommended, but not essential, for this holiday which is suitable for fit and experienced walkers.

This Morocco holiday is perfect for anyone who is looking to improve existing experience, or as a first mountaineering experience. We include your crampon, ice-axe and helmet hire, making the holiday excellent value for money. KE runs a fantastic range of more challenging mountaineering holidays, where previous experience is highly recommended or essential, and this one is perfect for obtaining that experience and building up your confidence.

Essaouira Riad and Atlantic Coast

Friendly Essaouira provides a beautiful base for this colourful Atlantic Coast extension which offers a fantastic start or end to our holidays in Morocco. Described as the prettiest town in the country, the UNESCO port and medina are a riot of colour and activity. To ensure a relaxing time in Essaouira we take care of private return transfers and riad accommodation for 3 nights at the comfortable Riad Maison du Sud, situated within the ramparts of the medina and just a few minutes walk from the sea. Redecorated in Moorish style, it has a snug sitting room and sunny roof terrace with views of the Mellah and the Atlantic Ocean. Essaouira has plenty of things to do and so we leave your days free for you to enjoy at leisure. This extension starts and ends in Marrakech.

Joining Arrangements & Transfers

TRAVEL TO YOUR DESTINATION

If flying from the UK there are low cost airlines available to the start and from the end of your holiday.

To benefit from full financial protection, ease your holiday planning, and avoid dealing with airlines, we can book scheduled flights from the UK as part of a flight inclusive package. Scheduled flights are usually more expensive than low cost alternatives, however potentially less stressful if your flight is cancelled or delayed. If you book flights through KE Adventure Travel we will offset the carbon of your flight.

The group will meet at the hotel in Marrakech.

Airport transfers are provided for all clients arriving on Day 1 and departing on Day 8.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All breakfasts, 6 lunches and 6 dinners are included in the holiday price.

Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

All food whilst on trek is purchased locally and cooked for us by our excellent trek cooks. KE groups are always surprised at what the cook team conjure up!

Breakfasts are continental style, with tea and coffee, muesli, bread, jam, honey and soft cheese. A morning snack is also provided and this usually consists of a type of Moroccan 'trail mix' with dried figs and dates, peanuts, sugar coated peanuts and other nuts.

Lunch usually starts with the Berber speciality of mint tea, followed by a buffet of rice, pasta or couscous, with a freshly prepared salad - onion, tomatoes, green peppers, grated carrot, green-beans, with tinned sweetcorn or peas added. Hard and soft cheeses, tinned fish, olives, biscuits and bread are also on the lunchtime menu.

Dinner starts off with soup and bread. The main course is usually rice, pasta, couscous, spaghetti or chips, with a vegetable stew (or tagine) consisting of some of the following - onion, potato, carrot, green pepper, zucchini, turnip, parsnip, green beans, and peas. There will be some meat (usually chicken, lamb or beef), however meat is not prominent in the menu. All dishes come with traditional sauces which are rarely (spicy) hot. To round off dinner, there is the usual range of hot drinks.

Accommodation

During this holiday the group will spend 2 nights at a tourist hotel in Marrakech. While there are a range of high-end hotels in Marrakech, we try to strike the right balance of a comfortable and conveniently located base while maintaining a really good value holiday.

In the mountains we have 2 nights at an excellent gite (trekkers' lodge) in the village of Ait Souka. Here the accommodation is in small dormitory rooms (mattresses on the floor), usually shared by 4-6 people. We have 3 nights at the Mouflons Refuge or the Neltner CAF Refuge below Toubkal. Both the refuges have mixed dormitory rooms, the facilities are basic with simple showers, a dining area, and lounge areas with a fire or stove.

If you are travelling by yourself, you will be paired up with another single client of the same sex for the Marrakech nights. Single hotel rooms in Marrakech are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

Group Leader & Support Staff

The group will be accompanied by a winter trained, professional leader throughout the trip. For groups of 5 or more, a second leader will accompany the group. We will have the assistance of mules and/or porters to carry our equipment up to the refuge.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Spending Money

Approximately £100 per person (or equivalent in US dollars or Euros) should be allowed for tips, soft drinks, snacks and miscellaneous expenses. Alcoholic drinks, souvenirs, any non-included meals and optional activities are additional so you may wish to budget for these.

You cannot usually purchase Moroccan Dirhams outside the country. You can withdraw money in local currency from ATM's on arrival at the airport in arrivals or in Marrakech. You can choose to take your money in pounds sterling, dollars or euros, and you will be able to exchange it at the airport. Credit cards are useful and it is a good idea to carry one in case of emergency.

Guidance on Tipping

Tips are the accepted way of saying 'thank you' to your local guides and porters. They do not form part of their wages and any tips they receive are seen as a personal thank you from group members. For our part, we advise local teams that tips are not a duty or a prerequisite but are a bonus and entirely dependent on the service that was given.

This is your 'thank-you' to the crew and the final amount should be decided by the group. We estimate that approximately £45 per group member should provide an appropriate level of tips. However, for the leader, we leave the tipping amount totally at your own discretion.

Additional Information

Please keep your passport in your day pack - occasionally there are check points when this will be needed.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft duffle bag, and a daypack. Your main baggage whilst trekking will be carried by pack animals and the packed weight of it should be no more than 15kg. It is possible to leave clothes or other items not required on trek at the hotel in Marrakech or at the gite in Ait Souka. You may wish to take a foldaway bag for this purpose.

For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Visa Morocco

UK and USA passport holders do not require a visa for short stays.

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

VACCINATIONS

You should contact your doctor or travel clinic to check whether you require any specific vaccinations or other preventive measures. You should be up to date with routine courses and boosters as recommended in the UK e.g. diphtheria-tetanus-polio and measles-mumps-rubella, along with hepatitis A and typhoid. A good online resource is [Travel Health Pro](#).

Currency

The unit of currency in Morocco is the Moroccan Dirham.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking 4 - 8 hours for consecutive days. Hill walking, with a good amount of ascent and descent, is the best training, and we would suggest that you try to fit in a number of long weekend walks before you depart. Running, cycling and swimming are also good for developing cardio vascular fitness and stamina.

The holiday involves negotiating easy-angled snow slopes with the use of an ice-axe and crampons. And although it is not necessary that you have previous winter mountaineering experience, we do recommend that you have some practice of walking in crampons.

Climate

It is warm during the day in Marrakech even in the winter months of November through to April. At this time we can expect daytime temperatures to reach a pleasant 20 - 22C, dropping to 7 - 10C at night. Once we are on trek and we start to gain height, we can expect the temperatures to be rather lower, with daytime temperatures in the range of 10 to 15C. At night, outside the refuge the temperature will drop well below freezing. From Ait Souka upwards we are likely to encounter snow. As in all mountain regions, short lived storms do occur and in winter these can bring quite heavy snowfall.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.
