Introduction

Majorca is certainly the seducer of the Balearics for cyclists and hikers alike with sunshine almost all year round, hidden coves, turquoise waters, breath-taking mountains and most importantly miles upon miles of quiet roads to be cycled. We have specially designed this one week self-guided cycling holiday to showcase some of our favourite spots on the island. Starting in Playa de Palma you will first cycle along the southern coast, taking in the history of the island and the enchanting botanical gardens of Ses Salines, before following the east coast to Cuevas del Drach to discover the island's fascinating geology. Heading north you can delight in the quieter beaches and fantastic views across Alcudia Bay. The second part of your adventure provides an insight into island life behind the tourist resorts; escaping to the centre of the island to discover slower rural life on the island, filled with orange plantations and olive groves as you pedal beneath the awe-inspiring Tramuntana Mountains.

You will spend 3 days circumnavigating the beautiful bustling coast, staying in a fantastic selection of 4* hotels on a bed and breakfast basis before retreating to the hinterland to unwind in the tranquillity of our finca-style hotel for two nights on a bed and breakfast basis and experience the nearby traditional restaurants each evening. As your week draws to a close you cycle back to the beaches of Playa de Palma for one last dip in the inviting ocean and to explore the island's capital, Palma.

Is this holiday for you?

This trip is ideal if you are looking for a challenging week of cycling in the warmth of the Mediterranean sun. Cycling an average of 50-60km per day on quiet roads, rural tracks and cycle paths your routes will take you to traditional villages, stunning peaks and along rugged coast. We have designed this trip specifically to allow you the opportunity to experience all aspects of a destination; enjoy the many cafes and facilities of the popular tourist resorts, relax on hidden coves away from the hustle and bustle, and find solitude in the centre of the island beneath the impressive Tramuntana Mountains. Staying in 4* accommodation along the way you are sure to have the desired comfort to relax after a busy day of exploring.

Self-Guided Families

Our Self-Guided Holidays are perfect for your next family holiday and are suitable for children of all ages.

Our partner hotels and accommodations are able to provide cots for young children, and some offer family rooms. We can also arrange hire of children's bikes and tag along bikes for most of our self-guided cycling trips and with trips such as Lake Constance and the Danube offering routes on designated cycle paths you can rest assured in keeping your family safe.

As a parent we trust that you know your own child's capabilities, so please read the itinerary details to ensure the distances covered each day are suitable for your family. If this is a first time walking holiday for your family, a centre based trip is a fantastic option as it allows you to easily opt out of a days walking if a day of building sand castles, swimming in the pool or visiting museums is calling instead.

Please discuss this further with our sales team who will be happy to assist in picking the best trip for your family.

Meal Plan

This trip is on a bed and breakfast basis to allow you the opportunity to enjoy dining in one of the local restaurants. We have also included a typical light lunch on Day 4.

Food & Water

Many places on this holiday have drinkable water from the tap to fill your personal water bottles. Please check with the leader at the various locations. Please take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) for days when drinking water out of the tap is not available. We do not encourage the purchasing of single use plastic bottles.

This is on bed and breakfast basis allowing you to sample the local delicacies of the area. We have also included a typical light lunch on day 4 of your trip so you can enjoy more of the local delights.

Like most Mediterranean countries Majorcan cuisine is a delicious array of locally produced fresh vegetables, fruits, olives and nuts. Food on the island is simple, clean and tasty with continental style breakfasts consisting of fruits, fresh breads and pastries including the popular Emsaimada, a sweet coiled pastry filled with anything from custard to fruit or even sliced sobrassada sausage.

Along your route you can enjoy a picnic with a view or sample the local tapas in a nearby café. Our tip: if you would like a mixture of different tapas, then just ask for a tapas variadas! As you would expect seafood is a popular ingredient on the island with a favourite dish being caldereta de llagosta, a pleasant stew made with lobsters caught between Majorca and Menorca. Vegetarians are well catered for on the island with vegetables in abundance, a particular tasty dish is Tumbet, similar to ratatouille. Other popular dishes are hearty rice soups and pork lion in a yummy Majorcan sauce.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Preparing for your Holiday

The advantage of a self-guided cycling holiday is that you decide the pace. This trip is designed for regular leisure cyclists as the routes do contain some slightly hillier terrain. You should be comfortable with cycling 40-60 km a day on rural roads, side roads and cycle paths. It is always sensible to get some additional exercise before going on an active holiday and we advise you to dust off your bike and head out on a few rides before your holiday. After all, the fitter you are the more enjoyable your cycling will be.

Climate

The Balearic Islands have a typical Mediterranean climate with mild winters and hot summers making it the perfect spring or autumn getaway when temperatures are around 25-30 degrees and a welcomed breeze from the sea and the mountains remain cooler for walking. In the summer the islands become extremely hot with temperatures reaching up to 35+ degrees while winters are mild on the islands it also bring periods of strong winds and rain, particularly in the mountains.

North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.
