Introduction

The intriguing UNESCO biosphere reserve of Lanzarote is a destination you cannot help but fall in love with. Known as the 'Island of Eternal Spring' it has much to offer, with 300 volcanic cones offering other-worldly landscapes and fertile soils giving life to the contrasting lush green 'Valley of a Thousand Palms', manicured vineyards, and farmlands. On this one week self-guided holiday you will discover the island's many landscapes on foot, including reaching the island's highest point, Penas de Chache, for unforgettable views. We have also ensured you will have plenty of time to enjoy the island's many beaches and secluded coves, whether you prefer to take a dip in the turquoise waters or relax in the sun with a good book.

You will stay on a B&B basis in a 3* apartment in a quiet part of Costa Teguse, in a complex offering a fantastic balance of facilities along with the freedom of having your own space. You will also take the ferry for a day-trip to the neighbouring island of la Graciosa, the most recent addition to the Canary Islands. A visit to this tiny island is an experience not to be missed - with around just 700 residents, unpaved roads, fantastic scenery, and virtually empty beaches, it is a fascinating place to walk. In addition to the wonderful hiking routes we have included car hire in the cost of your trip to giving you the ultimate flexibility on your holiday, meaning your exploring doesn't have to stop at the itinerary provided.

Is this holiday for you?

We have specially designed this holiday with flexibility in mind, allowing you the opportunity to make the most of your holiday time and all this sunny island has to offer. We have included car hire in the cost of your trip too, so that you can have even more freedom. Simply ensure the chosen driver within your party is over 25 years of age and has held a full valid driving licence for at least one year. Your walks will take you along the coast, on top of calderas and through lush valleys with an average walking time of 3-5 hours per day. Orientation is generally easy, however not all routes are marked so we recommend having some basic map reading skills to help you along your way.

Meal Plan

This trip is on a bed and breakfast basis.

Food & Water

Water from the taps may not be drinkable in all locations on this trip - please check with your guide. We recommend taking water purification tablets and a reusable bottle with a filter such as [Water-to-Go](#), which can both be used to help make safe other water sources. Please note that we do not encourage the purchase of single use plastic bottles.

Cuisine in the Canaries is filled with tradition and fresh local produce, with recipes being handed down through generations. It is these traditions which have formed the delicious mix of cuisine which blends its Spanish roots with African and South American influences. Meat and fish are served with the staple on any menu - tasty *Papas Arrugadas*, small locally-grown potatoes boiled in extremely salty water giving the skins a somewhat wrinkly appearance - and a traditional *Mojo* sauce. Meat is served with *Mojo Rojo* - red - made with chillies, oil, garlic, vinegar, and salt; fish is served with *Mojo Verde* - green - where coriander replaces the chilli. Every restaurant claims to have its own secret *Mojo* recipe! As you would expect from an island, seafood features heavily in the Canarian diet, from *Puntillas de Calamar* (fried baby squid) to *Pescado a la Plancha* (fish of the day that is grilled simply and is incredibly tasty), to exquisite fresh *Lapas* (limpets, often served in the pan they have been cooked in, with butter and garlic sauce and freshly chopped coriander). Surprisingly however, the island has some fantastic mild slightly salty goat cheeses, some of which have won international awards, plus a selection of lovely local wines to enjoy with your meal.

Accommodation

We have specially designed this trip on a bed and breakfast basis allowing you the opportunity to enjoy the many welcoming cafes and restaurants in Costa Teguisse or simply relax and enjoy an evening meal at your apartment. The apartments are situated at the quiet end of Costa Teguisse and come with an open-plan kitchen living room, ensuite bathroom and private balcony, perfect for relaxing with a good book. The apartments are part of a complex which includes a restaurant, bar, and swimming pool for relaxing after a busy day walking.

PLEASE NOTE: The hotel we use for this trip is an adults-only hotel. For any family bookings we use an alternative hotel of the same standard. The hotel is located closer to the central coastal area of Costa Teguisse and is specifically designed for families.

Health & Vaccinations

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Severe Allergies

Please inform our KE Sales and support team of any severe allergies you may have before travel. We will always do our best to help but we are unable to guarantee an allergy free environment on our KE trips. We advise that you always carry your own treatment for the allergy with you such as 'adrenaline auto-injectors' if required. We also recommend that you discuss this with your accommodation on arrival so that they can better assist you.

Preparing for your Holiday

The advantage of a self-guided walking holiday is that you decide the pace however getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable your walks will be. You should be comfortable with walking 4 to 5 hours for consecutive days.

Climate

The Canary Islands are perfect for holidays all year round, thanks to what are often described as 'eternal spring conditions' where temperatures range between 16C in the winter to 25C in the summer. It tends never to be too hot or too cold, which makes it perfect to explore on foot or by bike.

Lanzarote has its own micro-climate with the north being slightly windier and cloudier, the south being drier and warmer with approximately 2500 hours of annual sunshine, and the centre having a moderate and stable climate. It is this wonderful balanced, gentle climate that has helped make Lanzarote such a popular holiday destination, as much for those seeking sun, sea, and sand, as for those wanting to walk, cycle, and sightsee. On top of this, thanks to the vast amount of sunshine, the island is home to over 600 plant species, many of which are endemic species and have significant botanical value.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's '[Travel Aware](#)' campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that before travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates directly from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.
