Introduction

From Lake Van to the resting place of Noah's Ark - this 10-day journey takes you across an unforgettable Anatolian landscape, to the summit of one of the world's most incredible snow-capped volcanoes, Mount Ararat (5165m).

We begin in the city of Van, where a day's acclimatisation walk will take us to the top of nearby Mt Artos (3537m). From the summit, we will enjoy views across the expanse of Lake Van, Turkey's largest lake. We then transfer east to the frontier town of Dogubeyazit. From here, it is a short approach to Mount Ararat, which we climb over a period of 5 days.

Close to Turkey's border with Armenia, and unclimbed until the early 19th Century, Mount Ararat is the final resting place of Noah's Ark - according to the Old Testament. Whatever its place in history, this extinct volcano provides an unusual and achievable trekking challenge. Making a pre-dawn start from our high camp, we fix our crampons and trek across easy-angled snow slopes to reach the summit. The ascent is non-technical and suitable for experienced hill walkers.

This adventure also includes visits to the Ishak Pasha Palace, a masterpiece of Persian and Ottoman architecture, Van Castle and Akdamar Island on beautiful Lake Van.

Is this holiday for you?

The ascent of Mount Ararat is not technical, but a high level of fitness is required. Ararat is an impressive 5165m above sea level. The height gain of nearly 3000 metres from the village of Eli to the summit is considerable. Our acclimatisation hike on Mt Artos (3537m) will help prepare us for this. On Ararat, two 5-hour trekking days (separated by a further acclimatisation day) take us to our high camp on the mountain. The summit day will be long, around 10 hours in total. Underfoot conditions will vary from easy trails through upland meadow, to switchbacks on volcanic scree. The uppermost slopes of the mountain are snow-covered and we will have to tackle a short, low-angle snow slope. Crampons and trekking poles will be required. Previous experience of walking in crampons is preferable, but not essential.

Holiday Information

What's Included

- A professional and qualified tour leader
- A single timed group transfer on arrival and departure
- All accommodation as described
- All meals
- All land transport
- Permit fee for Ararat climb
- A full service on trek including food and all equipment (excluding personal equipment)

What's not Included

- Travel insurance
- Airport transfers (other than the group transfers)
- Entrance fees to tourist sites and optional activities
- Tips for local staff
- Miscellaneous expenses - drinks and souvenirs etc.

Joining Arrangements & Transfers

The group will meet at the hotel in Van. A single timed transfer from Van Airport is provided in the early evening of Day 1 of the Land Only Itinerary.

If you are flying into Van airport then you will need to collect your luggage when you connect in Istanbul and check it in again as VAN airport is a domestic only airport.

On the last day of the Land Only itinerary, there will be a single timed transfer back to Van Airport. This transfer will be in the morning.

Anyone may join the group transfers by prior arrangement. Travelling as a group or on public transport saves energy. If this is not practical, we can provide private transfers at an additional cost. Taxis are also available.

Hotel contact details and an emergency number will be provided with your booking confirmation.

Meal Plan

All meals are included in the holiday price.

Food & Water

It is not recommended to drink untreated water from the taps. If you are on a trekking or cycling holiday, water is supplied to fill up your individual bottles. This will be boiled, filtered or provided in large jerry cans or 5 litre bottles. Additionally you should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water when in towns or where water is not supplied. We do not encourage the purchasing of single use plastic bottles.

On trek, breakfast options include cereals, fruits, fresh bread, preserves, eggs, salami, feta, olives, melon, breads, dried fruit and nuts, tea and coffee. After breakfast you will make up your own lunchboxes (provided) using fresh bread sticks and a variety of meats, cheeses, tomatoes, cucumber and olives. There will also be plenty of fruit, biscuits and cake. The evening meal is prepared by our cook and served at the camp table. This meal may be a barbecue or any of a number of excellent Turkish dishes.

Accommodation

During this trip the group will spend 4 nights in comfortable hotel in the centre of Van and 1 night in a simple hotel in Dogubeyazit.

There will be 4 nights camping during the climb on Mount Ararat. This camping is fully supported with all baggage and equipment being carried by mules or horses. There will be a small team of staff to look after you including a cook. A mattress is provided, although some people like to bring their own thermarest as well.

All accommodation is twin-share. If you are travelling by yourself, you will be paired up with another single client of the same sex. Single rooms and tents are available for a supplementary cost. If you are planning on extending your holiday additional nights at the group hotel are available on request.

If you would like to break your journey home with a stopover in Istanbul, additional hotel nights and transfers can be booked through KE. Contact our Customer Sales and Support Team for more information.

Group Leader & Support Staff

The group will be accompanied by a professional English-speaking mountain guide and on trek will have the services of a trek crew including a cook and baggage animals and their handlers.

Altitude

This holiday involves going to high altitude. During the course of your trip you will reach altitudes in excess of 3500 metres. This is not something that you should worry about; the human body is quite capable of adapting to a very wide range of altitudes, but it is important that we follow some simple rules in order to acclimatise successfully. Before coming on this holiday you should read the advice on [trekking at high altitude](#). You can also talk to one of our trekking experts if you have any concerns about altitude.

Park Fees & Permits

The cost of the permit for climbing Mount Ararat is included in the holiday price. Arranging this permit is a reasonably complicated process and to do this we will need a copy of your passport a minimum of 5 weeks prior to departure.

Spending Money

Approximately £150 (or equivalent in US dollars, Euros etc.) should be allowed for miscellaneous expenses including tips to local staff. This is best carried in the form of cash. There are ATMs at the airport and a currency exchange in the centre of Van. Currency can also be purchased in advance. If you are intending to buy expensive souvenirs you should budget accordingly (credit cards can be useful in this respect).

Guidance on Tipping

Tips do not form part of the wages of local staff but they are very much appreciated. It is important to remember that tipping is voluntary and should be dependent on good service. It is best if tips are given at the end of the trek by the group as a whole. We recommend that each group member contributes around £30 - 40 to this pool, which can be distributed between the Tour Leader, drivers and support crew as the group feels is appropriate.

Baggage Allowance

For this holiday you should take one piece of luggage, which should be a soft duffel bag, and a daypack. During the trek your bags will be carried by pack animals. The maximum weight of your kit bag during this part of the trip is 15kg. It is possible to leave items that you do not require on the climb at the group hotel in Dogubeyazit. For international flights please check your baggage allowance with your airline.

Group Size & Holiday Status

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status and so you are free to proceed with your international flight booking and other travel arrangements.

General Information

Passport & Visas

Europe

Your passport must meet 2 requirements. It must be:

- less than 10 years old on the day you enter (check the 'date of issue')
- valid for at least 3 months after the day you plan to leave (check the 'expiry date')

For the latest details on visiting countries within the EU or the European Economic Area (EEA), please check the UK Government website

The information that we provide is for UK passport holders. A passport with 6 months remaining validity at the end of your stay is generally required, and you should have at least 2 blank pages for each country that you visit.

It is your responsibility to ensure that you have the correct travel documents and visas for your holiday. Please ensure that you check for the latest advice before travel. For the most up to date information on entry requirements, please visit the [UK Government website](#).

Health & Vaccinations

If you have a severe allergy please inform the KE office before you travel. We will do all we can to help, but we cannot guarantee an allergy free environment on KE trips. You will need to carry your own treatment for the allergy with you, as 'adrenaline auto-injectors' are not carried as standard by KE leaders and staff. You should inform your leader on arrival of your allergy, and let them know where you keep your adrenaline pen.

Vaccinations

You should contact your doctor or travel clinic to check whether you require any specific vaccinations.

GHIC / Medical cover

UK residents should carry a free Global Health Insurance Card (GHIC). This entitles you to state provided medical treatment when you're visiting an EU country or Switzerland. This is not a substitute for medical travel insurance which is vital when travelling overseas.

Preparing for your Holiday

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

You should be aerobically fit and comfortable with walking 6 hours for consecutive days, and possibly for 12 hrs on the summit day. Hill walking, with a good amount of ascent and descent, is the best training, and we would suggest that you try to fit in a number of long weekend walks before you depart. Running, cycling and swimming are also good for developing cardio vascular fitness and stamina. For this holiday it is a good idea to practice at walking using crampons. Even if it is not possible to access an area of snow, it is worth getting used to walking with crampons on slopes of turf.

Climate

The temperatures that we can expect to encounter during the day will vary considerably. In the mountainous areas to the east of the country, the air is drier and the temperature range much greater. Although situated some 1700 metres (5600 feet) higher than Istanbul, temperatures in Dogubeyazit can be quite similar, so quite hot and humid. On Ararat itself temperatures will, of course, decrease as we climb. Typically, we will be trekking at temperatures around 15°C. At night at our highest camp, we can expect the temperature to fall to freezing point. In common with many mountain areas, cloud can build during the day resulting in late afternoon rain.

Travel Aware

As a reputable tour operator, KE supports the British Foreign, Commonwealth and Development Office's ['Travel Aware'](#) campaign to enable British citizens to prepare for their journeys overseas. The 'Travel Aware' website provides a single, authoritative source of advice for all kinds of travellers and we recommend that prior to travel, all KE clients visit the official UK Government website at travelaware.campaign.gov.uk and read the FCDO Travel Advice for their chosen destination. North Americans can also check out the U.S. Department of State website: www.travel.state.gov for essential travel advice and tips.

KE treat the safety and security of all clients as the most important aspect of any trip we organise. We would not run any trip that we did not consider reasonably safe. Should the FCDO advise against travel for any reason, we will contact everyone booked to travel to discuss the situation. We receive regular updates direct from the FCDO and are in constant touch with our contacts on the ground. If you have any questions about government travel advice, please call our office.

Single Use Plastic

KE do not encourage the use of single use plastic items. We are ensuring that our agents all over the world are working together to reduce the problem and educate those around them. We are leading by example in our KE office by reducing our plastic use.

Books

- Turkey. Lonely Planet Travel Survival Kit.
- The Rough Guide to Turkey.
- The Explorers of Ararat and the search for Noah's Ark. BJ Corbin.

Travel Insurance

It is an essential condition of joining a holiday with KE Adventure Travel that you have a valid travel insurance policy to cover the cost of medical treatment and to protect the value of your holiday in the event of cancellation. When taking out insurance please ensure the policy you choose covers you for the activities and altitude included in your itinerary.

For appropriate insurance cover we recommend Campbell Irvine Direct. Please go to our [Travel Insurance](#) page for further information and to get a quote.

Please note that a paper copy of your travel insurance is required if you are travelling to Huaraz and the Huayhuash region.
