# Introduction

Wander the smoky streets of Hanoi, trek amongst North Vietnam's verdant rice terraces, explore the delta of the mighty Mekong River and experience the nightlife of Ho Chi Minh City on this voyage through Vietnam. We start out in the 1000 year old city of Hanoi, where we explore the maze like streets of the 'Old Quarter'. Travelling inland we spend 4 days trekking between villages in the Pu Luong National Park, sleeping in stilted houses, and experiencing rural life in an area where the fields are still ploughed by water buffalo and irrigated by wooden water wheels.

We'll explore the impressive limestone spires at Tam Coc, known as Halong Bay on land, before heading on to Halong Bay itself, for some great seafood and a night on a traditional junk. Our journey south begins with an overnight journey on the famous 'Reunification Express' sleeper train. Arriving in Hue, we cruise the Perfume River in search of imperial palaces and pagodas before visiting Hoi An, known for its lantern lit bridges and skilled tailors. Next we explore the canals, mangroves and floating markets of the Mekong Delta, the 'rice bowl of Vietnam'. We will take time to visit the Cu Chi Tunnels, a remnant of the Vietnam war, before on we end our holiday with a night in lively Ho Chi Minh City where we can experience the city's evocative mix of ancient pagodas and modern skyscrapers.

## Is this holiday for you?

This is an active journey, which includes a gentle, 4-day trek point to point trek. On our trek each day's walk will be between 4 and 6 hours and overnight stops will be in simple homestay accommodation. We've included as many highlights as we can within our 14 days, so the pace of the holiday is pretty full on. We'll use several means of transport are used during this holiday, including minibus, sleeper train, plane, sampan, junk and rowing boat. The combination of different means of travel, and the variety of accommodation used, will mean a degree of flexibility will be required - this diversity is part of the charm of this holiday.

## Highlights of Angkor Extension

Angkor, in northern Cambodia, is one of the most important archaeological sites in South-east Asia. Stretching over some 400 square km, the park contains the magnificent remains of several capitals of the Khmer Empire from the 9th to the 15th centuries, including the largest pre-industrial city in the world. The most famous are the Temple of Angkor Wat and, at Angkor Thom, the Bayon Temple with its countless sculptural decorations.

## Meal Plan

All breakfasts, 11 lunches and 8 dinners are included. Where lunches and dinners are not included there will be a large range of dining options and budgets to choose from and so it makes sense to leave the choice to you. You should budget £2 - £5 per meal (or less if you want to try some delicious street food) or up to £15 for the more expensive restaurants.

## Food & Water

It is not recommended to drink untreated water from the taps. You should take purification tablets or a filter bottle (such as a [Water-To-Go bottle](#)) to treat your water. We do not encourage the purchasing of single use plastic bottles.

This will be a gourmet experience. Start practising your chopstick technique now, as there are no knives and forks for parts of this trip. Vietnamese cuisine is fresh, fragrant and flavoursome. Typically a selection of dishes or varying flavours will be served together and each person takes a little of each dish - so there will usually be something to please everyone (vegetarians included!) at every meal. A typical meals will include Pho (Vietnamese noodle soup), spring rolls, spiced beef and pork dishes, fish in chilli, tomato served with tofu, stir fried vegetables and rice, with fresh fruit for dessert. On board the junk in Halong Bay we will certainly be treated to a variety of fresh and delicious sea food. You can expect to feast on a A to Z of delicious Vietnamese cuisine during the course of your stay!

## Accommodation

In Hanoi, HCMC (Saigon), Hue and Hoi An we will stay in well located 3\* hotels. In Tam Coc and on the Mekong Delta we will stay in comfortable bungalows, in beautiful grounds/surroundings. .

During the 3 homestay nights, we will stay in traditional stilted wooden houses, footwear will be left outside! The group will share a large communal room, but each person will have their own foam mattress, with bedding and mosquito net provided. You will need to bring a sleeping bag liner or a light sleeping bag, but there will be plenty of colourful blankets to use should the temperature fall in the evenings. Hot water for washing is available and there will be basic bathroom and shower facilities.

During the train journey to Hue we use 'soft sleeper' class with four berths per compartment (bedding is provided).

On board our Junk on Halong bay we will have twin cabins with air conditioning, electricity, and en suite facilities. The Junk has a sun deck, dining room, bar and a friendly crew ready to look after you.

All accommodation is based on twin-share (except homestay). If you are travelling on your own, you will be paired with another single traveller of the same sex. Depending on availability, single accommodation for the hotel nights only is available for a supplement.

## Group Leader & Support Staff

The group will be led by a professional and qualified tour leader. During the 4-day trek in the Pu Luong Nature Reserve the group will also have the assistance of baggage porters.

## Spending Money

Approximately \$250-\$300 should be allowed for miscellaneous expenses. This amount should be enough to cover the non-included meals, tips to local staff. If you are intending to buy expensive souvenirs, you should budget accordingly (credit cards can be useful in this respect). It is not necessary to obtain local currency (Vietnamese Dong) prior to travelling. Money can be changed easily at the airport or at banks in Hanoi. The group hotel will be able to make small exchanges only. Sterling, Euros and US dollars are acceptable for exchange in Hanoi Hue and Ho Chi Minh City but US dollars are the most convenient currency as they can often be exchanged at smaller places. We recommend that you carry your travel money in cash rather than travellers cheques since you will exchange most of it on the day of arrival and travellers cheques can be difficult and time consuming to change.

## Guidance on Tipping

It usual to tip staff including your local guide and driver if you are happy with the services provided. We suggest you coordinate these tips as a group and as a rough guide we recommend and as a rough guide we suggest you allow a total of \$80 - \$100 to a pool for tipping your crew. The exact amount should be determined by the group and the guide will give advice on the appropriate levels.

## **Baggage Allowance**

For this holiday you should take one piece of luggage, which should be a soft duffle bag, and one day pack. During the trekking part of this holiday your baggage will be transported by motorbike, and should not weigh more than 15kg. For some sections of the trip you may be asked to 'decant' items not required, which will travel by alternative means to your next hotel. We recommend that you therefore bring a second fold away bag to store these items in. For international flights please check your baggage allowance with your airline.

## **Group Size & Holiday Status**

For each holiday there is a minimum number of participants required to enable it to go ahead. Once the minimum number is reached, the trip status will change from 'Available' to 'Guaranteed to run'. You can check the trip status for each departure in the 'Dates and Prices' table. Other than in exceptional circumstances, we will not cancel a trip once it has achieved this guaranteed to run status so you are free to proceed with your international flight booking and other travel arrangements.

Getting some additional exercise before coming on an active holiday makes a lot of sense. The fitter you are, after all, the more enjoyable you will find the experience.

## Climate

Vietnam has a tropical climate with two distinct monsoon seasons. From May to September the country is dominated by the south monsoon winds and from October to April, the north monsoon is dominant with northerly to northeasterly winds affecting the country. There is a transition period between each monsoon season when winds are light and variable. Vietnam's single rainy season occurs during the south monsoon with June, July and August the wettest months. At this time daytime temperatures are typically in the range of 25 - 30 degrees Celsius. During the north monsoon, northern Vietnam has cloudy days with occasional light rain, while southern Vietnam tends to be dry and sunny. Temperatures during this period are in the range of 25 - 30 degrees Celsius in the south and 15 - 20 degrees Celsius in the north with the occasional chilly night. Frost and some snow may occur on the highest mountains in the north for a few days a year. During September to January coastal areas can be affected by typhoons in the South China Sea bringing short-lived tropical storms.
